VetCents gives Veterans a fast, simple way to understand their finances and take action today. Free, confidential, and built for Veterans.

Good financial health begins with VetCents, a celebrated online program designed specifically to help our military Veterans and family members improve their financial wellbeing.

VetCents was created by the Military Family Advisory Network (MFAN), a national nonprofit, to connect families to information and resources that they need to reach their financial goals. Today, VetCents is fully integrated in VBBP, multiplying VetCents' potential to support the financial wellbeing of those who have served our country as they navigate their financial journey.

*VetCents is provided **at no cost** to Veterans, Veteran beneficiaries and Veteran caregivers thanks to support provided by the Wells Fargo Foundation and the ABA Foundation.*

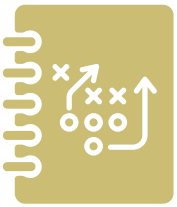
Unlock Your Opportunities

Your VetCents journey starts with a holistic financial health assessment.

With each step in the assessment, you will unearth and gain a greater awareness of your financial interests, needs, and goals. You will also discover what you are doing well — and not so well — in your financial life.



Get Your Personalized Wellness Plan

Completing your financial health assessment unlocks your VetCents Financial Wellness Playbook.

Money is personal. Your money is intended to help you take care of your needs, reach your goals, and live the life you imagine. Yet, most of us have never taken a personal finance class or have had other opportunities to develop much needed money management skills. As a result, we often don't know where to start learning about money or what to do next to gain control of our financial lives. Completing the VetCents financial health assessment unlocks your personalized Financial Wellness Playbook, which is your starting point to a happier and healthier financial life.

This innovative financial wellness guide is designed to help you reach your financial goals and will become the foundation for

your VetCents journey. Your Playbook walks you through individual “plays” that offer step-by-step guidance you can use to improve your financial life.

Make Valuable Connections

Connect with new information, tools, and resources that are specific to your financial needs and goals.

Our personalized approach will help accelerate your progress towards a healthier relationship with money.

Track Your Journey & Progress

Much as our financial lives are dynamic and ever changing, VetCents is designed to grow with you, too.

Our financial lives are dynamic and ever changing, which is why VetCents is designed to grow with you.

Check-ins and check-ups will ensure that your Playbook and overall VetCents experience keeps you on track towards a happier and healthier financial life.
